

2018-2019 Bullying Prevention and Intervention Plan

OUR SCHOOL COMMITMENT

We are committed to fostering a safe, accepting and supportive learning environment that promotes well-being (i.e., cognitive, emotional, social, physical) and the academic achievement of all learners. We believe that this is achieved through a Whole School Approach. We will respond to any student behaviour that is likely to have a negative impact on the school climate and will investigate all reports of bullying. We will provide support to those affected by bullying, including those who engage in bullying.

Bullying is not tolerated here.

POLICY STATEMENT

Bullying will not be accepted on school property, at school-related activities, on school buses, or in any other circumstances (e.g., online) where engaging in bullying will have a negative impact on the school climate.

Ministry of Education of Ontario, PPM 144

HEALTHY RELATIONSHIPS

Healthy Relationships are those that provide:

- *A sense of security and stability*
- *Basic needs*
- *A sense of being valued and belonging*
- *Support and guidance to learn essential skills and understanding*
- *Protection from excessive stress*

PREVNet, 2014

We all share a collective responsibility in fostering healthy relationships that build welcoming, respectful, safe and inclusive environments.

DEFINITION OF BULLYING

Bullying: Means aggressive and typically repeated behaviour by a pupil where,

- (a) the behaviour is intended by the pupil to have the effect of, or the pupil ought to know that the behaviour would be likely to have the effect of,
 - (i) causing harm, fear or distress to another individual, including physical, psychological, social or academic harm, harm to the individual's reputation or harm to the individual's property, or
 - (ii) creating a negative environment at a school for another individual, and
- (b) the behaviour occurs in a context where there is a real or perceived power imbalance between the pupil and the individual based on factors such as size, strength, age, intelligence, peer group power, economic status, social status, religion, ethnic origin, sexual orientation, family circumstances, gender, gender identity, gender expression, race, disability or the receipt of special education;

Cyber-bullying: For the purposes of the definition of "bullying" seen here, bullying includes bullying by electronic means (commonly known as cyber-bullying), including,

- (a) creating a web page or a blog in which the creator assumes the identity of another person;
- (b) impersonating another person as the author of content or messages posted on the internet; and
- (c) communicating material electronically to more than one individual or posting material on a website that may be accessed by one or more individuals.

For the purposes of the definition of "bullying" in subsection (1), behaviour includes the use of any physical, verbal, electronic, written or other means.

What the Data Tells Us - School Climate Surveys and Other Data

As part of the on-going monitoring and evaluation process, schools gather data from a various of sources, including school climate surveys of students, staff and parents every two years. Our school data indicates the following:

STRENGTHS

- School community actively engaged, interested in partnering with staff, students, and administration in works that support student achievement and well being
- School community values education, particularly STEM related education, high expectations for academic achievement and strong relationship building
- Student investment in accessing leadership opportunities both in and outside of school environment
- Student community demonstrates pride for learning environment, evidence of growth mindset and openness to risk taking
- School community comprised of diverse voices, equity and inclusion valued

Based on the analysis of various sources of data, our school has identified specific bullying prevention and intervention goal statements for this school year. These goal statements will drive our actions for this year. Outcomes will be monitored and assessed using a continuous improvement cycle.

GOALS

- *Building strong foundational practices for positive problem-solving, focus on establishing common language, strategies, and approaches between admin, staff, students, parents, and community partners*
- *Establishing partnerships with families by activating opportunities for engagement both in and outside of school*
- *Visibly reflecting and accessing diverse voices from school community as a part of school improvement planning, and using feedback as a part of the monitoring process*
- *Providing opportunities for student driven leadership and community partnerships that support student achievement and well being*
